SUMMARY:

This report provides information for the first three months of Fiscal Year (FY) 2026, including details on the Board Adopted Budget through Budget Amendment #3. Attached, you will find separate charts displaying both budgeted and actual revenues and expenditures for passenger rail and freight. The "actual" columns reflect revenues and expenditures for the first three months of FY 2026 (July - September). Additionally, for passenger rail, we have included more detailed information on sales tax and fare revenues, presenting current data alongside comparative figures from FY 2022 to FY 2026.

The report further outlines the approved budget, actual expenditures, and remaining budget balance. Please note that expenses may not occur evenly throughout the fiscal year; many significant costs are incurred at specific intervals. Additionally, we have included information on SMART's investments, detailing where our funds are held and the current amounts. Lastly, we present the current obligations, reserves, and fund balance requirements for FY 2026.
