

Board of Directors Meeting: October 7, 2020 – Public Comments

Date	Name	5. Public Comment on Non-Agenda Items
10/03/2020	Vincent Hoagland	I frequently ride my bike on the SMART Trails. However, it crosses several streets in Santa Rosa. All the county parks trails have signs indicating the names of the streets they cross. It would be helpful if the SMART trail had the names of the streets painted on the trail at the intersection or a sign at the intersection indicating the name of the street. It would help in navigation, especially for riders from out of town.
