

BRIDGE REPAIR CONSTRUCTION NOTICE

Sunday, June 27, 2021

5:30 AM – 7:30 PM

On Sunday, June 27, SMART contractor Koppers Railroad Structures will **make repairs to the timber bridge located 650 feet south of Roblar Drive in Novato.**

Repair work is being done to replace the beams and rail ties on the bridge. A crane will be utilized during Sunday's repair work, and **adjacent residents can expect to hear backup beeps and handheld hammers.**

Repair work is being done on Sunday because it is the only work window on our current schedule.

See map below with construction zone in **Red**.

For more information, call our Project Information line: (707) 794-3077, or email us at: info@sonomamarintrain.org.

Para información en español llame al número: 707-794-3330.

Safety is our top at SMART. We work hard to maximize safety during repair and construction work. Please do your part and stay clear of all construction equipment and activities.
