MEDIA ADVISORY: SMART to clear brush along rail corridor

Sonoma-Marín Area Rail Transit (SMART) will be using heavy equipment to clear brush along the rail alignment as part of its maintenance program. Work begins Thursday in Santa Rosa and will continue south over the next four weeks. All work will be done overnight, and will not disrupt train service. The public can expect some noise during this work.

Visit SMART's website, www.SonomaMarinTrain.org for additional information and updates on SMART's maintenance work.
